## History of Doral

In the late 1950s, real estate pioneer Doris and Alfred Kaskel purchased 2,400 acres of swampland between NW 36 Street and NW 74 Street and from NW 79 Avenue to NW 117 Avenue for about \$49,000 with the intention of building a golf course and hotel. In 1962, the Kaskel's dream came true when they opened a hotel and country club that featured the Blue, Red and Par 3 golf courses. They named it Doral - a combination of Doris and Alfred. Today, the Doral Golf Resort & Spas internationally famous for its golf courses, especially the Blue Monster, and still hosts the PGA Tour Tournament every year. By the early '80s, Doral started to experience the first spurts of growth, especially from 1983-1985. Younger families started flooding the area but had to travel to purchase even the most basic essentials, because there were no stores - or schools or parks. Although the majority of the original homes were investment properties or second homes, the early fulltime residents believed that the quality of life and the low housing costs far exceeded the lack of amenities and started coming together as a community. The West Dade Federation of Homeowner Associations was formed in 1989 and a police station was built, higher development standards were implemented, and more lighting, roads and landscaping appeared throughout the area.

Doral, incorporated on January 28, 2003, in one of thirty-four municipalities in Miami-Dade County, Florida. Conveniently located just one mile from Miami International Airport and twelve miles from Downtown Miami, the City is home to approximately 50,213 residents and regularly hosts in excess of 100,000 people who work within the City. The City of Doral occupies a land area of 15 square miles bordered on the west by the Ronald Reagan Turnpike, to the north by the Town of Medley, to the east by the Palmetto Expressway and to the South by the City of Sweetwater.

The City of Doral has come a very long way in a very short time and is attracting positive attention from Fortune 100 corporations, mom-and-pop businesses, young families and retirees. Described as the premier place to live, work and play, the many assets provide for a superior quality of life in an urban center known for its commerce.
