Tenant Representation – Local & Regional

We're your local eyes and ears.

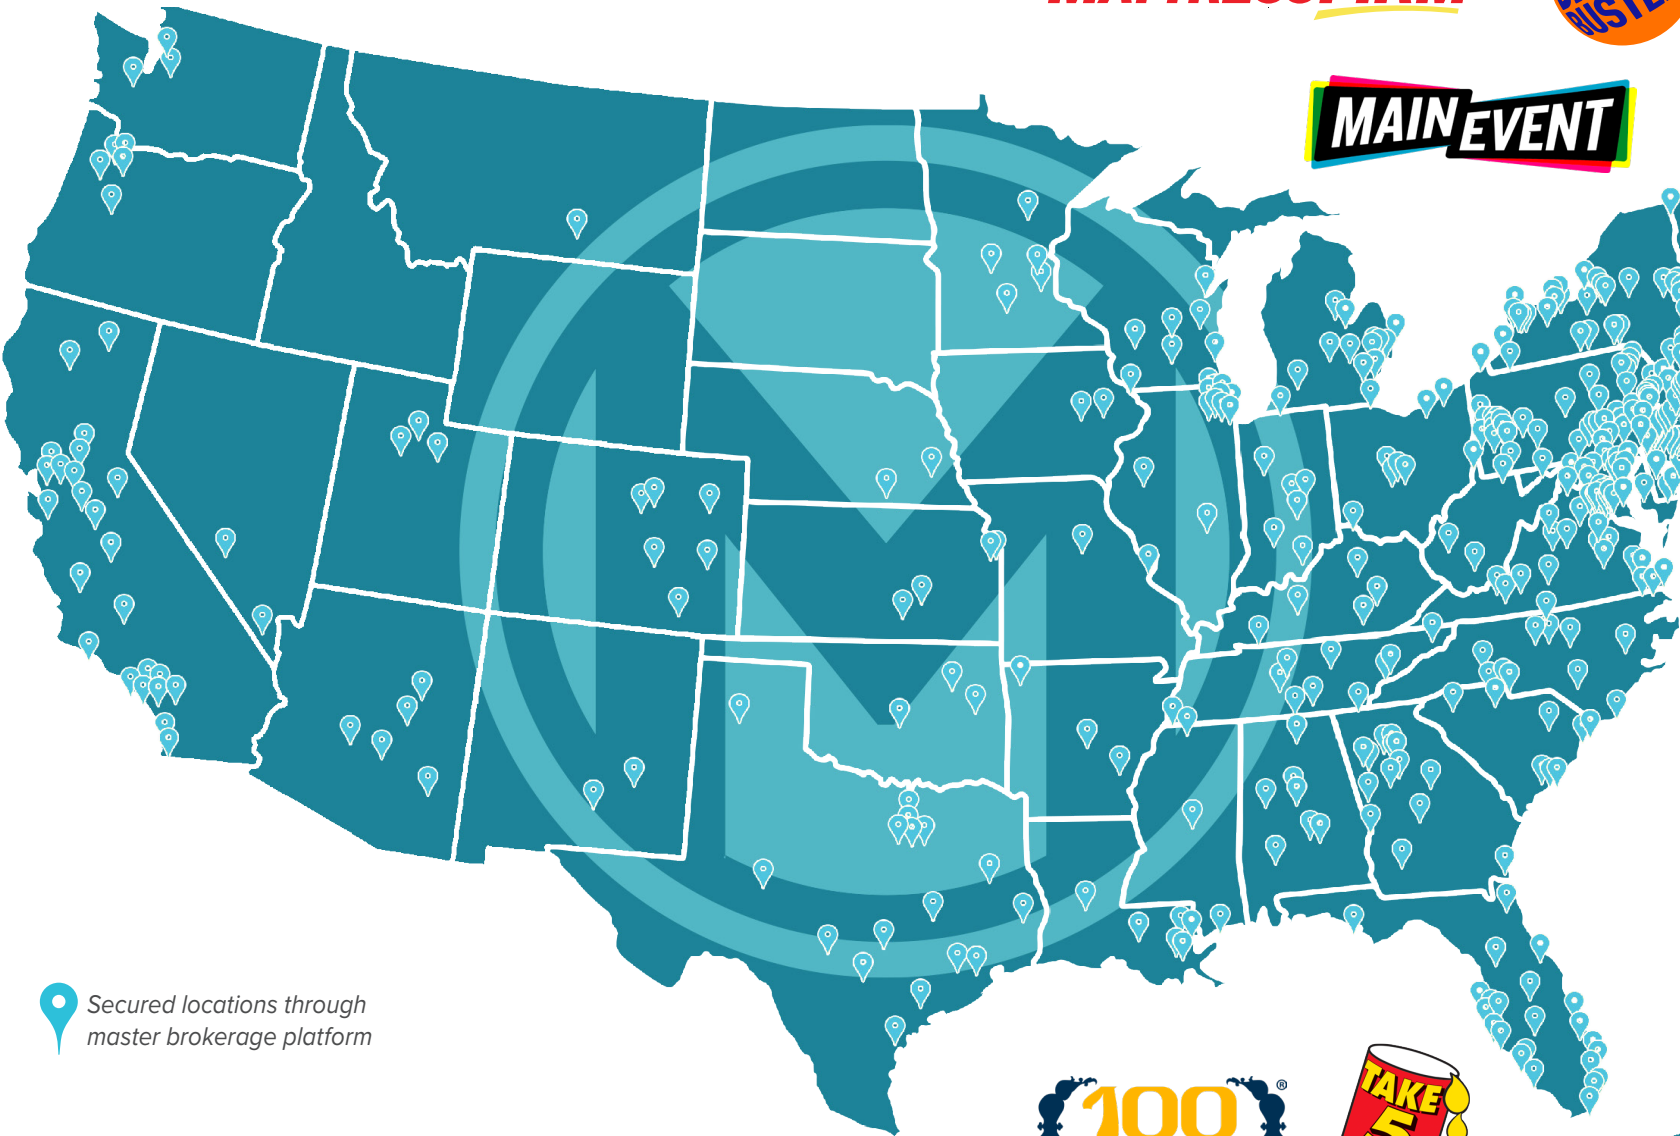

Metro guides top retail brands to the most desirable retail real estate locations that fit their exact needs throughout the greater Philadelphia MSA and the northeastern U.S. Our experienced team delivers unsurpassed market knowledge backed by an in-house support team that provides the most current GIS, market research and analytics packages in the industry.

Tenant Representation - Nationally & Internationally

Taking retail tenant representation to the next level.

Metro stands in the gap between the retailer's real estate needs and the local individual real estate expert to secure sites in any geography, nationally and internationally. We build trust with retailers by assembling a team that excels locally while implementing the high-level strategic expansion goals of national and international retailers.
